

Figures in 2017

4.09872 Total assets
trillion RMB

Assets & Profits

CNPC registered total assets of RMB 4.09872 trillion. We recorded sales revenues of RMB 2.34032 trillion and total profits of RMB 53.34 billion, up 25% and 5.1% respectively year-on-year. Our tax and fees payments totaled RMB 377.36 billion.

Resources Base

569.8 Newly-added proven gas in place
billion cubic meters

In China, our newly added proven oil in place totaled 659 million tons, exceeding 600 million tons for the 12th consecutive year; and newly added proven gas in place reached 569.8 billion cubic meters, exceeding 400 billion cubic meters for the 11th consecutive year.

Oil and Gas Pipelines Network

85,582

Total length of CNPC operated oil and gas pipelines
kilometers

CNPC operated oil and gas pipelines with a total mileage of 85,582 kilometers, covering 30 provinces (municipalities and autonomous regions) and the Hong Kong SAR.

273.91 Domestic and overseas oil and gas equity production
million tons of oil equivalent

Oil & Gas Production

Domestic and overseas oil and gas production amounted to 273.91 million tons of oil and gas equivalent. Domestically, we produced a total of 102.54 million tons of crude and 103.27 billion cubic meters of natural gas, accounting for 53.6% and 71.1% of China's total respectively.

151.84 Domestic sales volume of natural gas
billion cubic meters

Oil & Gas Supply

Our domestic marketing volume of refined products was 114.163 million tons, accounting for over 37.2% of the domestic market share; we increased supply of clean energy, and our domestic marketing volume of natural gas was 151.84 billion cubic meters, up 15.5% year-on-year.

89.08

Overseas oil and gas equity production
million tons

International Business

Our overseas oil and gas operations in 38 countries yielded an equity production of 89.08 million tons of oil and gas equivalent. We provided technical services and engineering construction in 76 countries and regions around the world.

5

National Scientific and Technological Advancement Prize awards

Technological Progress

Technological Progress: five of our R & D achievements won China's national science and technology awards. In particular, four achievements including the "ASP flooding technology for EOR and industrial application" were awarded the second-class National Science and Technology Progress Award; the "technology for high-diversion, multi-fracture stimulation of temporary targeting plugging of deep reservoirs and application" was awarded the second-class National Technical Invention Award.

Environmental Protection

880,000

Saved energy
tons of standard coal

Environmental Protection: We saved energy equal to 880,000 tons of standard coal, 12.41 million cubic meters of water, and 1,180 hectares of land emissions of major pollutants decreased year-on-year.

Public Welfare

1

Investment in public welfare undertakings
billion RMB

We invested more than RMB 1000 million in public welfare undertakings globally, benefiting 100 million people. In China, we spent RMB 77.85 million launching 45 projects to support 13 counties (districts) in 7 provinces (municipalities and autonomous regions).

1.6

Spending on employee training
billion RMB

Employee Development

We have a total of 1,407,200 employees, and more than 83.14% of our overseas employees are local hires. We spent 1.6 billion RMB on employee training and a total of 993,000 employees were trained, among which 100% frontline staff was covered.
